

Whilst IG acts as principal to your Contracts and Transactions, as defined within the Summary Order Execution Policy, we will take all sufficient steps to consider the execution venues upon which we place reliance to consistently achieve the best possible result for the execution of your orders. These include a number of regulated markets, Multilateral Trading Facilities ('MTFs'), market makers (e.g. Retail Service Providers 'RSPs') executing brokers and other liquidity providers. The below comprises a non-exhaustive list of venues which we may consider and which may be updated from time to time.
